Congratulations to Attorney General Bill Barr for taking charge of a case that was totally out of control and perhaps should not have even been brought. Evidence now clearly shows that the Mueller Scam was improperly brought & tainted. Even Bob Mueller lied to Congress!

Anyone else tired of seeing John Brennan yapping on here who is a criminal?

Everyday he's pointing fingers at other people for being crooked when he's the biggest criminal of them all!

Now he's attacking Roger Stone? Love to see that prick in handcuffs.

The Fake News Media is looking hard for the Big Democrat Story, but there is nothing too fabulous. Wouldn't a big story be that I got more New Hampshire Primary Votes than any incumbent president, in either party, in the history of that Great State? Not an insignificant fact!

Anyone else tired of seeing John Brennan yapping on here who is a criminal?

Everyday he's pointing fingers at other people for being crooked when he's the biggest criminal of them all!

Now he's attacking Roger Stone? Love to see that prick in handcuffs.

BREAKING: @JudicialWatch Sues FBI for Seth Rich Documents. There is significant public interest in the Seth Rich murder and the FBI's game-playing on document production in this case is inexcusable.

Make no mistake - these people watch our every move.

What is happening is essentially a fishing expedition/witch-hunt. It's MUCH more than a simple "defamation" suit.... 🧐

Additionally, the opposing attorneys are doing it all "pro-bono"? Ok, I've got a bridge to sell... 😉

I have not spoken to AG Barr about anything related to my representation of @realDonaldTrump. Nor has he spoken to me.

This is all intended to intimidate him and anyone working on any cases involving the Democrat conspiracy to prevent and then overturn the Trump Presidency.

This is part of the brilliance of Trump. He put an incredibly morally moored man, who lives and breathes the rule of law, into the office of the AG. A man with absolutely nothing to lose when it comes to taking on the swamp. It's a beautiful thing. It's driving the Dems insane.

For this to become law, it needs the President's signature, correct? And they don't have a 2/3 majority in both Houses to override a veto.

This would impact POTUS should the DS cause an Iranian FF that envelopes the Mideast in a conflagration. Also... Since many of our RINOS are up for re-election this year they feel safe sticking their thumbs in Trump's eye, knowing he'll veto the legislation.

Feds have long used process crimes to settle scores. Part of me is glad they took a chill-pill on McCabe's process crime. BUT, they reserved that chill-pill for one of their own. McCabe was part of the culture using process crimes to settle scores. He deserved poetic justice

We're all really pissed off right now. Understandably.

But just imagine how Donald Trump feels right now. The people who spent 3 years trying to overthrow him with impunity, destroy his family & friends, are gonna walk.

I feel for Donald Trump right now more than anything

For those wanting immediate arrests:
If these people were simply arrested two years ago, the public would have responded w/ chaos.
The slow roll & explanations are building the foundation to SHOW corruption
Look how much we have learned over the last 3 years

The minute Bill Barr was made aware of "illegal spying" (his words) undertaken by the FBI, they should have appointed an Independent Counsel to investigate the totality of the coup from start to finish. The entire DOJ is comprised. What we have now is a coverup/whitewashing.

The way that I was raised by my parents has a huge influence on me. Do the right thing wasn't a motto, it was life growing up.

I've trained and worked security details off and on since the late 90s, known Bill for 20+ years. It's the right thing to do!

The Liberal Media is saying that Trump is pandering to Nascar fans to try to get their vote..

The Liberal Media is too ignorant to realize that 99.99999% of Nascar fans are already Trump supporters...

These people are stupid..

First, it's not a "theory" and certainly not a "conspiracy theory," but rather a hypothesis—one among many, all but one of which will ultimately be disproven by the evidence, if the Chinese Communist Party ever shares it.

259 219 690

Tom Cotton @SenTomCotton 52m

But given the CCP's ongoing dishonesty, we have to examine the hypothesis and demand the evidence

I noticed the Democrat Congresswoman Dina Titus on Fox News this morning was ignorant enough to bring up the Las Vegas shooting and tie it to gun control.

Why don't you tell me why EVERY single FOIA even though the case is closed is still denied to my team from the FBI/FAA, etc?

Last week the Fake News said that a section of our powerful, under construction, Southern Border Wall "fell over", trying to make it sound terrible, except the reason was that the concrete foundation was just poured & soaking wet when big winds kicked in. Quickly fixed "forever".

No shots from Paddocks room, shots from at least 3 helicopters. No hotel windows were broken until after the shooting ended

Had to do with a hit that went bad on a Saudi Prince that owns the top floors of the same hotel.

I noticed the Democrat Congresswoman Dina Titus on Fox News this morning was ignorant enough to bring up the Las Vegas shooting and tie it to gun control.

Why don't you tell me why EVERY single FOIA even though the case is closed is still denied to my team from the FBI/FAA, etc?

If you don't think that 95% or more of the DOJ is against this President, I'm sorry but you are highly misinformed..

96% of Washington, D.C. voted for Hillary Clinton in 2016..

This is a massive uphill battle, and they can literally trust no one..

Just a heads up folks, My Attorney has informed me that we have about $7,000 we need to come up with this week for his travel and depositions we have to take. Anything helps, even $1... If 7,000 donated $1, we could pay for these depositions which are pivotal in the case.

Congratulations Arny. You're a good man. President Trump along with Cabinet member Carson will get that state straightened out in the next 5 years. With the Wall and a Supreme Court ruling to stop sanctuary cities. Much to the chagrin of Nasty Nancy

The Crooked Man in the White House is working overtime attacking federal judges and juries on Twitter on behalf of his convicted cronies like a mob boss. In his spare time, he tries to sow division in the Democratic party by attacking the frontrunner and making wild accusations.

Nobody is going to overturn the will of the people and the primary voters in a brokered convention. If the superdelegates try to pull off that kind of stunt, we the people will run them out of office. It's not going to happen. Whoever gets the most delegates and votes will win.

These were Mueller prosecutors, and the whole Mueller investigation was illegally set up based on a phony and now fully discredited Fake Dossier, lying and forging documents to the FISA Court, and many other things. Everything having to do with this fraudulent investigation is

5.3K 12K 40K

badly tainted and, in my opinion, should be thrown out. Even Mueller's statement to Congress that he did not see me to become the FBI Director (again), has been proven false. The whole deal was a total SCAM. If I wasn't President, I'd be suing everyone all over the place.

Why in the hell would anyone ever vote for Bloomberg?

Does NOBODY remember what happened in 2008?

This is what happens when bankers get in power, except if Bloomberg is elected, it will be 10,000x worse.

There are 175,000 federal prisoners. Many are serving harsh sentences and deserve mercy.

Yet, Trump uses pardons almost exclusively for:

2) Wealthy individuals
3) Contestants on his TV show

And worse abuses are almost surely to come.

As a father of 2 Eagle Scouts, I say it is a sad day. Follow the money. BSA was sponsored by corporations UNTIL the PC world put pressure on them. Sponsors withdrew their funding. The left's plan all was to close down the organization. Done so by suing them into non existence

A great institution like the Boy Scouts going bankrupt is a national tragedy of an organization that has grown young boys into some of the best, well respected Americans this country has ever had to offer

How many of you are aware that I'm being sued by the two biggest Democrat Law Firms in America in an effort to silence my Seth Rich Investigations and Reporting?

How many Patiots out there have a dollar?If every Patriot gave just one dollar, it would make a difference. Who will stand with this man? We wait for justice to catch up with the Clintons, this man didn't wait, and is taking a beating. One dollar could be a way to stand with him.

How many Patiots out there have a dollar?If every Patriot gave just one dollar, it would make a difference. Who will stand with this man? We wait for justice to catch up with the Clintons, this man didn't wait, and is taking a beating. One dollar could be a way to stand with him.

Well, the highest percentage of dead in school bus accident is not from the accident itself but from the fire who follow. Imagine if all the students are seatbelted, it will be far worst than that. 1 fire in 50 years makes more death than 1000 accidents. So I don't want seatbelt.

I've single handedly kept this case alive for the last 3 years while everyone else turned a blind eye to it. I'm happy that a couple of Mainstream folks are getting involved, but why do they have to wait until we turn up the heat again to get involved?

Democrats attacking President Trump for pardons couldn't even get criminal justice reform done..

President Trump signed the First Step Act, and has seen thousands of low crime minority members released back into the public..

It's ridiculous the lies they continue to spew..

If I'd have had my way, we wouldn't have said anything until there were arrests. The problem with that approach is it's pretty hard to raise $$ for @RealMattCouch and others to investigate on the ground. Ppl wanted progress reports.

Not to mention, public interest is needed

Had one of us in the group had, say, Mini Mike's money at our disposal, we likely would've run a completely silent investigation, or at the least, released only what would be tactically advantageous.

To be clear

The "botched robbery" of SETH RICH was so botched that nothing was stolen and meanwhile, he ended up murdered.

Why is there such an effort to keep records relevant to that crime hidden from public view?

I suspect Julian Assange might know.

We need to raise $7,000 this week for legal fees and travel for our law suits

I can't fight them alone America. One of our followers yesterday donated $100. She said, "Wouldn't it be amazing if just 100 Patriots donated $100, so you can move forward this month." She's Right!

@DanaRohrabacher put out a statement. Says he met with Assange on his own. Told John Kelly, when he came back, that Assange was willing to give info about the e-mails for a pardon. But nobody ever followed up. Who even knows if Trump was ever told?

Li...o' Rich? What is there to hide? Unless somebody used MS-13 members as contract killers tied to the DNC via Podesta and White House Staff from the State Dept. Then that'd be a reason. Because nobody wants to be in cahoots with crime. Nope!

Russia is so mad that Julian Assange is trending that they are using their bots to try and get Seth Rich to trend. It's so blatantly obvious what they are trying to do in order to protect themselves and Trump.

Seth Rich was murdered in a robbery in which the thieves did not take anything

He was killed execution style

Julian Assange hinted that he was the DNC leaker and not Russia.

You are "conspiracy theorist" if you do not believe the official story.

I watched probably 8 minutes of the Democratic debates. What an unmitigated clown-circus.

I was so embarrassed for them, I had to turn it off....then back on...then off again....only to sneak a peak again.

Like a train wreck - you can't look away.

There are 175,000 federal prisoners. Many are serving harsh sentences and deserve mercy.

Yet, Trump uses pardons almost exclusively for:

1) Political supporters
2) Wealthy individuals
3) Contestants on his TV show

And worse abuses are almost surely to come.

Everyone has a general awareness of the potential 'hazards' associated with taking on the 'Deep State'... but there are times when 'shit gets real' and one of those times was when @RealMattCouch broke the story about Crowdstrike & 'Hush Money'

I have left @CrowdStrike to launch a non-partisan, non-profit policy accelerator. During my tenure, I helped transform the cybersecurity industry and want to apply the same ingenuity and a venture approach to galvanize solutions to pressing cybersecurity 1/2

Everyone has a general awareness of the potential 'hazards' associated with taking on the 'Deep State'... but there are times when 'shit gets real' and one of those times was when @RealMattCouch broke the story about Crowdstrike & 'Hush Money':

I'm not going to elaborate on how 'shit got real' - it's Matt's story to tell... and it'll be told if/when he is ready

But I will say this:

That was a 'massive' story (still is)... and it was a time when the big media dickheads should have given Couch respect/credit.

How many of you are aware that I'm being sued by the two most powerful Democrat Law Firms in America trying to silence my Seth Rich Investigations and Reporting?

I can't fight this level of Tyranny alone.

I would be honored to have you fight with me!

Not only did Roger Stone get 40 months in Prison The Federal Judge and the Deep State silenced him to where he couldn't even talk about what he was being accused of with a gag order

This is just part of the fight we're in America.

Roger Stone was found guilty of lying to Congress and threatening a witness.

He did it to cover up for Trump. His sentence is justified.

It should go without saying, but to pardon Stone when his crimes were committed to protect Trump would be a breathtaking act of corruption.

Hey @Twitter, I’m back...for now.

Two months ago I was blocked from Twitter for exposing the words of an Islamist terrorist. Twitter deleted my tweet, and demanded I admit that I did something wrong. I refused. I will never, ever apologize or bow to Leftist tech tyrants like Twitter.

A few nights go, while checking my app to see if I was still blocked, I casually clicked the “remove" button for the tweet – believing it would, at the least, be a two-step process. Instead, I was instantly back into my account. It was a sincere accident on my part.

However, since I assume it won’t be long before I’m banned again, I’ll take this opportunity to do what Twitter hates: destroy Leftism, expose Islamism, and fight for Americanism.

SERIOUS QUESTION:

If American Citizens can go to jail for lying to Congress, then there needs to be an IMMEDIATE bill passed that will do the same when the situation is reversed.

STOP THE DOUBLE STANDARDS IN WASHINGTON.

I have an amazing Attorney @QuaintonLaw and Mr. Coleman has reached out as well, not sure if they've talked.

It's not just the pro bono side. Depositions cost $2,000 each, then travel to depositions, subpoena's, etc... It ads up even with an Attorney helping you out.

I was thrilled to be back in Colorado Springs tonight, beneath the majestic peaks of the Rocky Mountains, with thousands of terrific, hardworking American Patriots. With your help, this November, we are going to defeat the Radical Socialist Dems, and we are going to WIN Colorado!

I have never seen @BernieSanders supporters being unusually mean or rude. Can someone send me an example of a "Bernie Bro" being bad. Also, are we holding all candidates responsible for the behavior of some of their supporters? Waiting to hear

Does "Milwaukee will burn" ring a bell, Keith? Bernie's staff is filled with wannabe Communist revolutionaries.

Could somebody at @foxnews please explain to Trump hater A.B. Stoddard (zero talent!) and @TeamCavuto that I won every one of my debates, from beginning to end. Check the polls taken immediately after the debates. The debates got me elected. Must be Fox Board Member Paul Ryan!

What exactly did he cover up?
